

All the Bull from 2002

Contributed by Stonerollers Ball

Well the ball has been and gone and a good number turned up to hear the sounds of the band "FEELGOOD" and the DJ. The music wasn't to everybody's liking and we're sorry about that but you could request songs from the DJ if you felt it needed it. The ball had a few problems that the committee are looking at ways to rectify before next years ball.

Hope all will come back again next year for it has been a good fund raising activity for the local community and isn't that what it's all about.

Speaking of photos if any one has any that they would like to see on the web site they can email a copy to me care of the link below or you could post them to me. Send and email first if need to do that.

This was a successful ball for us and the committee were able to donate various amounts of monies to the following organisations. Heartbeat, Life Education, Mypolonga C.F.S, Jervios C.F.S, Taillem Bend Hospital, St John, Blue Light Disco's and The Lion's clubs of Murray Bridge. All up about \$32,000 was injected into the local area. We would like to thank all of you who made it happen and those of you who came along and supported the Stonerollers Ball.
